

Frequent Flyers Ultralight Club

March 2003 Newsletter

USUA Club 162

Sunday March 2, 2003 was the date of the last club meeting. It started out to be a nasty day with a mixture of snow and rain. Warren Hurd discussed the progress of the club web site. It is in it's infant stages but hopefully it will grow as the club does. The link to the site can be found on page 2 of this newsletter. Tim Wall is still looking into a supplier for hats and t shirts. It was suggested that we contact some of the other clubs to see where they buy these items. Tim Pierce advised that he had been contacted by the Ultralight Flying Magazine about the club. There should be a small article about the club in the April issue. The club is looking for new members. Hopefully when the warm weather gets here we will be able to increase our membership. We are also looking for articles for the newsletter. Anyone who is interested in writing a story about their plane or flying experiences can send it to Tim Pierce at; tpierce@conknet.com

Meet The Member Tim Pierce

Tim works 2nd shift as a Production Supervisor at Osram Sylvania in Hillsboro. This leaves the mornings for Tim to pursue his favorite hobby, flying his Quicksilver Sport. He flies out of Hawthorne Feather airport (8B1) in Deering NH. During the warm weather he arrives at the airport around 7:00am and by the time the usual layer of fog lifts he has completed the preflight and is ready to go. He and Tim Wall fly together often and have flown to some of the small strips nearby. They even landed at a small grass strip used for remote controlled aircraft in Hopkinton. Tim also enjoys working in his wood shop where he creates an interesting art called intarsia. Animals are his favorite subject. He is looking forward to spring and flying

Picture of the Month

Tim Pierce following Tim Wall to Henniker on a warm summer day.
